Located in White Plains  
Serving Westchester and Putnam Counties

# About Prime Time

Prime Time's center-based program offers small group, self-contained and integrated classes for children eligible to receive services.\*

Prime Time is a NYSED approved 4410 Preschool Special Education Program for children ages 2.10-5 years. We offer a range of services including:

- Speech therapy
- Counseling
- Parent training
- Occupational and physical therapy for children with developmental delays and/or learning disabilities

\*If you are concerned about the development of your preschool child (ages 2.10-5 years old) you may refer your child to your local School District's Committee on Preschool Special Education (CPSE) to request an evaluation.

Prime Time gives each child the individual supports he or she needs to play, learn, grow and thrive.

## CLASSROOM ENVIRONMENT

Our classrooms offer students a nurturing and supportive environment where they can explore a variety of educational materials and have access to the latest technology enhancing their learning experience.

## REMOTE LEARNING

We are working hard to ensure that all students have access to computer devices and internet so that no matter what challenges present during the COVID-19 crisis, they are ready to continue learning.

## COMMUNICATION

In addition to phone calls, texts, zoom conferences and email, our staff uses the Seesaw platform purchased for each student to communicate with parents. Children can upload pictures, assignments, art work, and receive teacher feedback. Parents can also send notifications and upload children's work from home.

## CURRICULUM

Our 'Read it Once Again' curriculum focuses on building vocabulary through rhyming and repetition found in simple and familiar children's stories. These themes are carried over into therapies and at home.

Prime Time is a program of Family Services of Westchester (FSW),
